Assessment Descriptions

Blog Posts – Students will participate in discussion blogs addressing questions related to the topics of each week. This exercise will allow participants to consider significant questions raised by the teacher pertaining to their personal lives, spiritual welfare, and place in the world. **There is a total of seven discussion blogs in this course.** Responses should be sufficient to answer the questions. Think of the discussion blog exercise as an opportunity to think critically about the world of management and organization. A chance to record your thoughts and in the process have your perspective broadened. This assignment is worth 40 points.

Graded Case Study - A case study is a short description of a real business situation that includes analysis and critical thinking. Analyzing case studies gives you the opportunity to apply concepts to real business problems. Usually, there is not a "right or wrong" answer. Rather, cases provide a vehicle for you to demonstrate your understanding and ability to apply course concepts. Each case study will comprise approximately 4-5 pages in length (not including title and reference pages).

Reflection Videos -During this course, you have three reflection video assignments that requires you to reflect on your spiritual perspective and who you are as a Christian practicing business. Each different question aims to prepare a person of faith for a career in the world of business, whether in for-profit or not-for-profit enterprise. Answering these questions is based on your reading of Cafferky (2013) *Scriptural Foundations for Management* and your understanding of your worldview. Reflection videos are submitted to a Dropbox in the LearningHub.

Quizzes – Complete quizzes by choosing the correct answer for each question. These will consist of 15 questions, multiple choice type questions that will be relative to what is covered in the chapters, PowerPoints, and Online lectures. This is a timed exam. You have 45 minutes to complete each quiz. Per to [Andrews University's Honesty Policy](#): "*A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty. Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action*".

Final Paper / Presentation – Your final paper/presentation will demonstrate your mastery of the management process today. This paper is a research-based paper on a selected topic picked by you. Any topic covered in class may be used. Some suggested topics are but are not limited to:

- The Management Process Today
- Managing Ethics and Diversity
- Designing Organizational Structure
- Effective Team Management
- Motivation

Your topic is due in week 8 and the Final Paper/Presentation is due in week 15. Your final project/presentation should comprise approximately 6-8 pages in length in a Word document and 4-6 PowerPoint slides (excluding the cover page and reference listing), formatted and written in APA style, use Times New Roman, 12-point font, with one-inch margins. You must include at least three additional resources (articles, journals, etc.), in addition to your course textbook, to support your materials.

Your paper should have:

- References

For this assignment, you will complete and submit your final project/presentation for evaluation.

Maintain Professional Conduct Both in the Classroom and Online

The classroom is a professional environment where academic debate and learning take place. Your instructor will make every effort to make this environment safe for you to share your opinions, ideas, and beliefs. In return, you are expected to respect the opinions, ideas, and beliefs of other students—both in the face-to-face classroom and online communication. Students have the right and privilege to learn in the class, free from harassment and disruption.

Honesty

Using the work of another student or allowing work to be used by another student jeopardizes not only the teacher-student relationship but also the student’s academic standing. Lessons may be discussed with other students, tutors may help to guide a student’s work, and textbooks, encyclopedias and other resource materials may be used for additional assistance, but the actual response must be the student’s own work. A student who gives information to another student to be used in a dishonest way is equally guilty of dishonesty.

Any violation of this policy will be taken before the Higher Education Academic and Curriculum Committee for appropriate punitive action.
