# GET BOOSTED!

## WE MEAN BUSINESS

Found a job but your academic background is a bit skimpy? Boost your career by joining an accredited, technology-driven and ethically-bound degree program that will build your skills with the latest business concepts and technology.

## TECHNOLOGY-DRIVEN

Technology is a vital component for every business operation. All our classes are infused with the latest technology.

## CHRIST-MOTIVATED

Be in a learning environment where God is the primary focus. The essence of our core curriculum is toward understanding life, learning and civic responsibility from a Christian point of view.

*We are an engaged, values-based community of learners preparing students to transform their workplace.*

# AS in Business

We understand that starting a new career can be really daunting. Even worse is not knowing which degree to invest your time and money in. Fear not! We have a solution for you.

The Associate of Science (AS) in Business is a two-year program that will hone your knowledge and skills in accounting, management, information systems and marketing to help you successfully thrive in any business environment.

With an AS in Business, you'll be building your business prowess tailored to the three key areas employers are looking for: management and accounting knowledge, business application skills, and marketing exposure.
